THERE'S A LION IN THE STREETS - "OH MY!"

Proverbs 22:13

The slothful man saith, There is a lion without,
I shall be slain in the streets.

"BRING OUT YOUR DEAD"

When Covid came to our shores it was made to look like a plague of Biblical proportions.

We were led to believe that we would soon see wagons going up and down our streets and a man ringing a bell and shouting, "Bring out your dead, bring out your dead."

Chinese Police Weld a Door Shut to Lock Residents Inside ¹²

For a month before Covid came we were treated to scenes of men in white bio-hazard suits fogging down city streets, apartment building doors welded shut to prevent escape by infected residents.

Scenes of people suddenly falling dead as they walked in the street and others being tethered together with ropes to be taken off to who knows where.

We watched in horror as the virus rapidly spread through cruise ships. Retirees who had signed up for their dream vacation of a lifetime became reality show victims of a nightmare. Country after country refused docking and young honeymooners were left waiting- stuck for weeks in their little cubicles as the virus claimed more and more victims each day.

'FLOATING PRISON'

Life under quarantine on coronavirus cruise ship

We were warned that our hospitals would be overwhelmed. Health care workers would succumb, cut down like soldiers on the front lines of Gettysburg.

Covid would be a crisis like the world has never seen and so we were told it was imperative that we shelter in place and only workers deemed essential (like Wal-mart associates) be sent out to the steamy viral rain-forest sure to contract a frightening disease that will leave them fighting for breath on a ventilator with dead bodies piled high and no where to put them but mass burials in quickly dug pits or jammed into semi-truck trailers like yesterdays garbage.

We were told that to go out from our homes was the equivalent of intentionally killing grandma.

But Covid was not the sickness they assured us it was.

In March the CDC projected an 8% percent death rate for Covid estimating there would be 1.7 million deaths in 2020 due to Covid in the US alone.

Even though the CDC has perpetrated fraud on the American people by manipulating the Covid number of infections and deaths* the numbers are no where near the percentage originally stated by them which resulted in the lockdowns and destruction of our economy.

Testing reveals that Covid infections are far more prevalent than thought with a majority of infected individuals unaware they even have it.

The death rate keeps falling proportionately no matter what the latest hype from the lamestream media. The death rate this year is no where near 1.7 million. The current death toll in the US as of 7/23 is 143,000 people, nearly all of them elderly and having morbid health problems. Furthermore we cannot even trust the CDC's numbers. Dr. Brix, the head of the nation's Covid response team stated,** "There is nothing from the CDC I can trust."

And yet even with a steadily declining death rate, more restrictions are being placed on our freedoms such as mandatory face mask wearing in public*** and returns to lockdowns.

Man Who Created Coronavirus Lockdowns Now Admits They Were Useless

The British scientist who invented the society-wide lockdowns now admits that the whole thing was meaningless.

Even without lock downs the restrictions places on restaurants and small businesses are decimating them and our economy. A new report released by the Independent Restaurant Coalition estimates that 85 percent of small restaurants will be closed by the end of 2020.

There is no doubt in my mind that we are living through the greatest psyop of all time. Fear generated by lies has caused Americans to willingly surrender their God given rights to the whim of governors who have surpassed any legal authority and are making “declarations” to be enforced while at the same time refusing to carry out actual laws that protect their citizens from criminals. Letting criminals go while arresting and harassing law abiding citizens who need to live and move and have their being.

Oh Yes! There is a LION in the streets alright. And that Lyin is coming right out of the mouth of the media and government officials.

We must not be slothful. We must not fear. It really helps to place your faith in the Lord Jesus rather than trusting liars who constantly move the goal posts. I can't blame those who are not right with God for living in such constant dread of death. I would too if I were an unbeliever on the road to hell. But I trust God and you can too. Don't feed the sloth.
